### New York Stock Market

New York, April 2.—The rise in stocks was haited to-day. During the early trading prices were scaled down moderately, but later there was a gradual recovery and net changes were small. The advance of the last ten days, running from five to ten points in many cases, had reached sufficient proportions to invite realizing sales, which were largely responsible for the

action of the market.

Depression of European markets tended to check the advance here. Reviving apprehension as to the Ealkan situation, owing to the attitude of Montenegro, made it plain that the foreign situation still must be taken into consideration. Money was exist. consideration. Money was easier

Rumely touched another low point to-day, dropping nearly five points to 37 1-4. Weakness of this issue was at-tributed to the statement of a director that the dividend might be passed. Can, Rubber and the local traction stocks were in demand, at rising prices. The bond market was less active. Movements were irregular. Total sales, par value, \$2,650,000. Panama 3s, coupon, declined 3-8 on call.

New York, April 2.- Money on call 2 3-494 1-2 per cent; ruling rate, 4 1-2; closing bid, 4 1-4; offered at 4 1-2. Time loans easy; sixty and ninety days and six months, 4 3-495 per cent. Prine merentile paper, 5 1-296 per cent. Sterling exchange easy, with actual business in bankers' bills at \$4.825 for cent. sixty-day bills and at \$4.815 for demand. Commercial bills, \$4.82 3-4, Dar silver, 67 5-8 Mexican dollars, 47 1-2 Government bonds easy. Railroad bonds irregular.

Fatal Occurrence at Dangerous Crossing Two Miles From Martinsville. [Special to The Times-Dispatch.]

[Special to The Times-Dispatch.]

Martinsville, Va., April 2.—Charles F. Mason, a farmer living near Thornton's Store, Franklin County, was struck by a northbound freight train on the Norfolk and Western Railway at Beaver Creek Crossing, two miles west of here; shortly after noon to-day, and was almost instantly killed. Mason, who was about sixty years old, had sold a load of tobacco here this morning and was on his way home. He was driving a pair of oxen, and, according to the statement of an eye-witness, must have driven on the track directly in front of the approaching train. The train, a double-header, running down grade, caught both team and driver, killing all three.
